

**Let's Work Together
to Save the Integrity of Rural Jefferson County.**

Jefferson County used to have ordinances that only allowed small, recreational gun ranges. Then, in spite of the recommendations of our Planning Commission, the letters, the long lines of people making public testimony at public events, our county officials presented us with two ordinances that opened 76% of rural Jefferson County up to large, for profit, military and para-military shooting and training ranges.

Tarboo Ridge Coalition appealed to the state Growth Management Board and, on September 16, 2019, both ordinances were found to be in violation of state law and invalidated. The County Commissioners have until

We have another chance to stop this. Here is your ***How I Can Help Checklist:***

[] Print and send our recent Leader [ad](#) to your commissioner(s) with a personal note.

[] We have TWO petitions going and both can be signed on line: [one to Attorney General Bob Ferguson](#) asking his office to help our county officials stand up to bullying by potential gun complex owners. [The other to our commissioners](#) asking them to (this time) take the recommendations of our Planning Commissioners and create an ordinance to protect the people of Jefferson County from large weapons training centers.

[] Have you written your letter yet to The Attorney General? [Here](#) and [here](#) you'll find sample letters you can print, add a personal note and send or simply use as inspiration for your letter.

[] Watch for our petition and information tables at the Port Townsend Co-op and the Chimacum Farm Stand.

And if you still have some energy.....

[] Let us know if you are interested in helping us get signatures for our petitions. Take a copy to your book club, your work, and your family reunion. You can find copies to print [here](#) (AG) and [here](#) (County Commissioners). For details write to us at info@tarbooridgecoalition.org.

Let's roll up our sleeves and stop this thing once and for all.
